

Hockey

by Billy Walsh

Hockey is a great game,

You play it on a team.

Although it has a funny name,

It's not as hard as it may seem.

You have a special hooked stick,

And can only use one side.

Be warned you must be very quick,

And don't hit the ball wide.

The ball it is so very hard,

You keep it on the ground.

On your shins, you wear shin guards,

As it hurts I have found.

The goalie has to take great care,

So they will not get hit.

Shoot at goal if you dare,

Add to the score a bit.

I have made great friends there,

And seen pitches far and wide.

People say it is a game quite rare,

I don't think so, you decide.
