

The Renaissance

by Seán Kelly

A lot of great things are from Italy,

Like pizza

And the Mona Lisa.

There is also Leonardo da Vinci,

Alongside his patron the great de Medici.

And what about Pope Julien,

A loud man but also quite devious.

But one of the best Michelangelo,

And all the great works he has to show.

Raphael orphaned at a young age,

But never held back he was full of courage.

Donatello a pupil of Ghiberti,

A quiet man but also quite flirty.
